Objective

Experienced freelance web developer seeking to fill a position for a Wordpress Lead.

Key Qualifications

- Able to build, design, and deploy Wordpress websites for clients.
- Insures quality of codebase, mobile responsiveness and site-speed with best practices in SEO.
- Capable in taking brainstormed idea to product and beyond.
- Well versed in creating workflows through front-end development frameworks and CRM integrations.
- Strong eCommerce background and really extensive understanding of UI/UX layout and design for products.
- Very skilled at website analytics such as Google Analytics, Google Webmaster Tools, and 4Q as well as many others.

Work Experience

Freelance Wordpress Developer   Mar 2018 - Present

- Took a client's blog from no traffic and ranked two articles on the front and third pages of Google for respective search terms.
- Built out a complete eCommerce site for a client with all the bells and whistles like dynamic product thumbs and optimized woo sales pages.
- Optimized a Real Estate site for a client turning it from boring and clumsy to sharp, concise, and intuitive.

Freelance Full Stack Web Developer   April 2016 - Present

- Built a fully functional Social Network and sold it to a client.
- Built a web app called chillweb that allows you to have search boxes of all different sites in one place. Currently for sale.
- Developed an app that allows you to leave video posts. Currently for sale as well.

Education

Edx - W3c   Aug 2018

- Earned a Verified Credential CSS.0x: CSS Basics.
- Also earned another Verified Credential in HTML5.0x: HTML5 and CSS Fundamentals.

FreeCodeCamp   Sept 2017

- Earned certificates in Responsive Web Design and Front End Web Development.
